<sup>4</sup> See the “About Us” page on Defendant’s Website (<http://www.blackenterprise.com/about-us>), a true and correct copy of which (as of the filing of this action) is reproduced at Exhibit 3.

27. Upon information and belief, Defendant's advertising revenues from the sale of banner advertising space and sponsorship advertisements on the Website are determined on the basis on the number of user views and "clicks" of web pages on which such advertisements appear.

28. Upon information and belief, and as evidenced by Defendant's 2017 Media Kit (reproduced at Exhibit 4 hereto), the Website was accessed by an average of 840,983 monthly users during the period of October 2014 to October 2015, with totals of 1.7 million page visits and 7.3 million total visits to the Website during that period.

29. Upon information and belief, Defendant receives substantial monetary benefits from its ownership and operation of the Website and its marketing and offering of advertising services thereon.

30. 31. Upon information and belief, Defendant and/or Defendant's Employees deliberately select photographic images to reproduce, distribute, and publicly display on the Website with the intention of drawing user traffic to the Website and thereby realizing greater advertising revenues and a greater enticement to prospective advertisers who compensate Defendant to displays advertisements on the Website.

32. Upon information and belief, Defendant profits from its ownership and operation of the Website and, specifically, from the reproduction, distribution, and public display of photographic images on the Website.

**C. DEFENDANT’S INFRINGEMENTS OF PLAINTIFF’S COPYRIGHTED PHOTOGRAPH**

33. Upon information and belief, at all times relevant to this dispute, Defendant has owned and operated the Website and has been responsible for all of the content – including, without limitation, all of the photographic images – reproduced, distributed, and publicly displayed on the Website.

34. Upon information and belief and as evidenced by the screen captures of Defendant’s Website reproduced at Exhibit 5 hereto, over a period beginning on August 11, 2014 and continuing to the present, Defendant and/or Defendant’s Employees acting within the scope of their employment have willfully infringed Plaintiff’s copyright rights in and to one of the Aaliyah Photographs (the “Photograph At Issue,” which is reproduced at Exhibit 1 hereto) by reproducing, distributing, and publicly displaying such photograph on the Website,<sup>5</sup> without valid license, permission, or authorization.

35. None of Defendant’s aforementioned uses of the Photograph At Issue on the Website credit Plaintiff in any manner.

36. Upon information and belief, Defendant was not validly licensed, authorized, or given permission by Plaintiff or any authorized agent thereof to engage in any use of the Photograph At Issue on the Website.

---

<sup>5</sup> Screen captures of the three web pages on the Website on which Defendant has reproduced, distributed, and publicly displayed the Photograph At Issue, each created on June 26, 2017, the date of filing of this action, are reproduced at Exhibit 5. Each of the three web page screen captures reproduced at Exhibit 5 depicts the reproduction, distribution, and public display of an exact reproduction of the Photograph At Issue (reproduced at Exhibit 1) on the Website.

37. Upon information and belief, Defendant had no good-faith reason to believe that any of its uses of the Photograph At Issue on the Website were licensed or authorized by Plaintiff, any authorized agent thereof, or the law at the times of commencement thereof. Accordingly, Defendant knew or should have known that each of its uses of the Photograph At Issue on the Website constituted copyright infringement at the times of commencement thereof.

38. Upon information and belief, the infringing uses of the Photograph At Issue on the Website were reproduced, distributed, and publicly displayed thereon by Defendant and/or Defendant's Employees acting within the scope of their employment. None of the infringing uses of the Photographs At Issue on the Website were reproduced, distributed, or publicly displayed on the Website at the direction of a "user" as defined under 17 U.S.C. § 512.

39. Upon information and belief, Defendant was aware and/or should have been aware that the Photograph At Issue is Plaintiff's original copyright-protected works.

40. Upon information and belief, Defendant and/or Defendant's Employees purposely reproduced, distributed, and publicly displayed the Photograph At Issue on the Website with knowledge of its renown among the public and the devoted fans of Aaliyah, with the intention of attracting user traffic to the Website by its visibility thereon, thereby increasing advertising revenues and promotion of Defendants' advertising services offered thereon.

41. Upon information and belief, Defendant has driven significant user traffic to the Website by the reproduction, distribution, and public display of the Photograph At Issue thereon. The increased user traffic to the Website has led to the generation of substantial revenues and promotional benefits reaped by Defendant, including, but not limited to, advertising revenues from increased user traffic, views, and clicks, and a greater enticement to prospective advertisers to enter into advertising relationships with Defendant for the display of advertisements on the

Website – all at the expense of Plaintiff and his copyright interests in the Photograph At issue, and all directly attributable to Defendant’s infringements of Plaintiff’s copyright in and to the Photograph At Issue.

42. Upon information and belief, technological means provided on the Website by Defendant has allowed users of the Website to engage in further unauthorized reproduction, distribution, and public display of the Photograph At Issue on social media platforms including, *inter alia*, Facebook and Twitter. Upon information and belief, a substantial number of users of the Website have made use of such technological means to engage in unauthorized reproduction, distribution, and public display of the Photograph At Issue.

43. Plaintiff discovered Defendants’ above-described infringing uses of the Photograph At Issue in or about September 2016. Upon and since such discovery, Plaintiff’s legal counsel repeatedly notified Defendant of Plaintiff’s rights in and to the Photograph At Issue and Plaintiff’s legal claims with respect to Defendant’s unauthorized uses thereof on the Website in an attempt to amicably resolve this dispute.

44. Despite Defendant being put notice of Plaintiff’s rights in and to the Photograph At Issue and Plaintiff’s legal claims with respect to Defendant’s use thereof over eight months ago, as of the date of filing of this Complaint, Defendant’s infringing uses of the Photograph At Issue remain reproduced, distributed, publicly displayed, and available for further unauthorized reproduction, distribution, and public display on and through the Website, in blatant and brazen disregard for Plaintiff’s copyright rights.<sup>6</sup>

45. Upon information and belief, at all times material hereto, Defendant has had the means and ability to prevent and put a stop to the reproduction, distribution, and public display

---

<sup>6</sup> The screen captures reproduced at Exhibit 5 each depict the continuing reproduction, distribution, and public display of the Photograph At Issue on the Website as of June 26, 2017.

of Plaintiff's Photograph At Issue on and through the Website, and yet, despite having been put on notice of Plaintiff's rights in and to the Photograph At Issue, has failed to do so. Accordingly, Plaintiff requires this Court's intervention to put a stop to Defendant's continued willful infringement of his copyrights in and to the Photograph At Issue, and to vindicate his legal rights under the U.S. Copyright Act.

46. Plaintiff has complied in all respects with Title 17 of the United States Code, secured the exclusive rights and privileges to the Photograph At Issue, and obtained the appropriate certificate of copyright registration, U.S. Copyright Reg. No. VA 1-910-544 (attached hereto at Exhibit 2).

47. Upon information and belief, Defendant engaged in the infringing acts forming the basis of this Complaint knowingly of, and with reckless disregard for, Plaintiff's rights in the Photograph At Issue, and was aware and/or should have been aware that its infringing activities constitute infringements under the Copyright Laws of the United States.

48. Upon information and belief, Defendant has engaged in its illicit reproduction, distribution and public display of Plaintiff's Photograph At Issue for the purpose of profiting and benefiting therefrom.

49. As a result of Defendant's willful misconduct described herein, Plaintiff has been substantially harmed, including, but not limited to, loss of licensing fees, opportunities, sales, profits, and benefits, diminution of the value of his copyright rights in the Photograph At Issue, erosion of the marketing and licensing value of the Photograph At Issue, and injury to Plaintiff's goodwill and reputation, all in amounts to be determined at trial.

50. Plaintiff no adequate remedy at law. Defendant's infringing acts as described above have caused and, if not enjoined, will continue to cause irreparable harm to Plaintiff.

**THIRD COUNT**  
**Inducement of Copyright Infringement**

69. By providing such technological means on the Website, Defendant has induced, caused, and/or materially contributed to infringements of the Photograph At Issue by users of the Website.

70. Upon information and belief, Defendant has provided such technological means for users of the Website to engage in infringing reproduction, distribution, and public display of the Photograph At Issue with knowledge of the infringing nature of such activities.

71. Defendant's infringing activities have been willful, intentional, purposeful, and in complete disregard of Plaintiff's rights, and has caused substantial damage to Plaintiff.
